

CRADLE MOUNTAIN RUN

45th RUN

Saturday 1st February 2025

Distances:

The Overland Track is 78km long. Narcissus is about 61km from the start and Pelion is about half way between them. It is about 18k from Narcissus to the finish at Cynthia Bay. The majority of finishers take between 12 and 13 hours, finishing at Cynthia Bay between 6pm and 7 pm. Most of the field finishes as long as they achieve the 5pm cut off at Narcissus. It is unusual for runners not to make the 12 noon cut-off at Pelion but very slow runners have been known to do so. Splits for a 13 hour run are:-

Start	0:00	6:00am
Kitchen Hut	0:50	6:50am
Waterfall Valley	1:30	7:30am
Lake Windermere	2:30	8.30am
Pelion Creek	3:45	9:45am
Frog Flats	4:15	10:15am
Pelion Hut	4:45	10:45am *
Kia Ora Hut	6:15	12:15pm
Du Cane Hut	6:45	12:45pm
Du Cane Gap	7:45	1:45pm
Windy Ridge Hut	8:00	2:00pm
Narcissus	9:45	3:45pm **
Echo Point Hut	11:00	5.00pm
Watersmeet	12:45	6:45pm
Cynthia Bay	13.00	7.00pm

* If unable to leave Pelion Hut by 12:00 noon withdrawal is compulsory.

** If unable to leave Narcissus by 5:00 pm withdrawal is compulsory.

Registration and briefing:

Registration will be open at Cradle Mountain Lodge from 4:00pm on Friday 31st January for compulsory gear checks and waiver signing.

The briefing takes place at 5:00pm in the tavern area of Cradle Mountain Lodge on Friday night, and involves the distribution of timing cards, maps and snake bandages.

Meals are organised by participants. For options at Cradle Mountain Lodge: www.peppers.com.au/cradle-mountain-lodge/dining/

Compulsory Gear:

The organisers are really serious about runners having sufficient gear. You will not be able to start the run if you do not carry gear that will allow you to survive injured or immobile in freezing snow, wet and windy conditions. The 2023 CMR challenging conditions lead many runners to don all their thermals, beanie, gloves, and wet weather gear during the event. For more information on Tasmanian alpine conditions which occur throughout the year please view: <https://www.youtube.com/watch?v=TTBfrftPTCE>

- 1) Quality sturdy, windproof waterproof coat with hood. (eg Goretex)
- 2) Quality over trousers. Lycra skins are not acceptable wet weather gear
- 3) Two long sleeve tops (extra) and a pair of long johns. These must be made from a polypropylene or merino fabric. These clothes are in addition to the clothing worn for the run. That is, three tops in total. A good outdoor shop can advise.
- 4) Beanie or balaclava made of merino or polypropylene (no silks or buffs)
- 5) Gloves
- 6) 800 calories (3400 kjoules) of emergency food (equivalent to 200g block of chocolate) - separate from normal food carried. This food must be carried through to the end of the run.
- 7) Survival bag (not blanket) - this must be sturdy enough to resist tearing in strong winds eg 'Space' emergency bag.
- 8) An A3 waterproof paper course map will be provided at event briefing.
- 9) Mobile phone with Avenza app installed. Must be fully charged at the start of the event and have a battery able to last the full duration using whatever apps you are running. Your phone will be checked for battery life at the finish line. Take an external battery pack and charging cable if necessary. Consider running your phone on flight mode.
- 10) An electronic course map provided by CMR and downloaded into the Avenza app. Access through this [link](#).
- 11) Compass (must be a quality (e.g. orienteering standard) compass suitable for use in an emergency). No electronic or watch compasses. Minimum 40mm size dial
- 12) A whistle
- 13) Elastic snake bandage (Loaned to each runner. Provided at the event briefing and collected at finish)
- 14) First Aid supplies. Contents cannot be exactly specified as they will vary according to personal needs but should include blister treatment, antihistamines, pain killers etc.
- 15) Ability to pay \$55 if you do not finish and have to pay for the ferry from Narcissus or Echo point. Eg. Cash / ApplePay / Google Pay
- 16) Tasmanian National Parks Pass (covering dates 31/01/25 to 2/02/25). Available online at <https://passes.parks.tas.gov.au>. Holiday pass option recommended (covers 2 months) at a cost of \$46.60.

All items should be in a waterproof plastic bag. Light-weight gaiters and sun hat are optional but should be considered in light of your needs and experience. The organisers strongly recommend fully enclosed trail running footwear suitable for a sustained rocky, muddy and generally rough track.

You are accepted into the run on the clear understanding that you know and understand your needs. The above is the minimum requirement but such a list does not absolve you from using good judgment!

Phytophthora

Phytophthora cinnamomi (myrtle rust root rot fungus) is now well established in many areas of moorland, heathland and dry eucalypt forest in Tasmania. It is a fungus that attacks the roots of susceptible plants, in many cases killing the plants.

In some native plant communities, epidemic disease can develop causing the death of large numbers of plants. It is a severe threat to natural bushland and to many threatened species, in the competition areas.

Please ensure your gear is cleaned thoroughly before using it in Tasmania.

To help reduce the spread of this fungus, the Tasmanian National Parks and Wildlife Service have asked us to ensure that competitors have cleaned their shoes and clothing (velcro etc.) before the event. This is best done by brushing (if dry), or washing out with soapy water (if muddy), as much dirt as possible, and then disinfecting with methylated spirits for 30 seconds.

In addition to this, runner's shoes are sprayed with disinfectant F10sc as part of the compulsory gear check. If you have not cleaned and disinfected your shoes prior to coming to the event, you will be asked to clean your shoes at the compulsory gear check or briefing prior to the disinfectant spray.

Compulsory Gear Check:

Your compulsory gear (see list above) needs to be checked before the run. If it was not checked on the bus please bring it to the briefing. Your compulsory gear should all be packed in the backpack you intend to use for the run. A compulsory check of shoes to ensure they are clean and free of any visible dirt will be undertaken as part of the gear check. Further checks will be conducted at the finish. Failure to carry all the gear during the run will result in a Did Not Finish and prevent future participation.

Start:

The start is at 6:00am at Waldheim.

Finish:

The finish line will be at Cynthia Bay, just before the Visitors Centre.

Timing:

The Sportident electronic timing system will be used. You will be carrying an "SI Card" and will need to access it to place it in a timing control at the start, Pelion, Windy Ridge, Narcissus and the finish.

Post Run including Presentations:

Celebrations and post mortem will be at Lake St Clair Lodge at Cynthia Bay near to the finish line.

Breakfast 7:00am and presentations 8:30am on Sunday morning are in Lake St Clair Lodge. Normally all runners plan to stay on for these. The bus to Launceston will leave at 9:30am.

Support Parties:

There are no drink stations etc. There is no vehicular access to the track at all. A boat travels the length of Lake St Clair. However it is subject to the vagaries of weather and will not run at night. Three support parties are available, at Pelion, at Windy Ridge and at Narcissus. Runners may get into difficulties and have to walk out so please take that into consideration in your schedule. Sweepers will be following the slowest runners.

At Narcissus, a boat will be chartered by the organisers after all runners have passed through the check point. Runners' injured or too slow to meet the 5pm cut off are required to travel on this ferry at their own cost. It is not available for non-official friends or family. If in trouble the boat may be hailed at Echo Point.

Food:

Food is not provided. Nutrition for a long run like this is a complicated subject and you are responsible for knowing your requirements. If you don't know, don't come! Do not litter the track. This risks refusal by the Parks Authority to allow the run in future years.

Drink:

The water upstream from the track is considered safe to drink.

First Aid:

NO first Aid support is provided by the organisers. Please take your own tape etc. for blisters. Be familiar with the treatment for snake-bite - an unlikely event but snakes are present on the track. All Tasmanian snakes are venomous. Jack-jumper ants are also present near checkpoints.

National Parks Charge:

As the event is conducted in the Cradle Mountain Lake St Clair National Park, each runner is required by Tasmanian Parks and Wildlife Service to have a current Tasmanian Parks Pass. These are available online at <https://passes.parks.tas.gov.au> The holiday pass option which allow for up to 2 months is recommended for visitors to Tasmania. Please ensure that the pass covers the dates 31/01/25 to 2/02/25.

Event fees:

Entry to the Cradle Mountain Run is \$350 (or \$320 for Australian Ultra & Trail Runners Association members) which includes a \$50 Overland Track Charge.

Walkers and runners completing the Overland Track between January to May 2025 usually pay a booking fee of \$295 in addition to their Tasmanian Parks Pass.

Whilst the full fee is not payable, runners are charged \$50 by the Tasmanian Parks & Wildlife Service for undertaking this run.

This charge is incorporated into the entry fee.

RULES

This event is a co-operative event and runners are expected to assist one another as much as possible consistent with fairness.

- 1) You must not start if you are unwell or injured.
- 2) Unless a sweeper is present the last runners shall stay together as a group and stragglers shall not be left until at a place safe to do so.
- 3) If you leave the track for any reason you must leave your running pack on the track so that it is clearly visible with your supplied race number prominent to alert sweepers. The sweepers will not go past until you return.
- 4) Should there be the slightest doubt about your ability to finish you must withdraw before you are in real trouble. You agree not to be a liability to the other runners any longer than is necessary.
- 5) Should a sweeper, fellow runners, a relief party or a National Parks Officer request you to

withdraw at a safe place you will do so.

- 6) You will carry all compulsory equipment and other food and items you deem necessary. During the run, no extra food, drink or other supplies should be sourced from any party other than a run organizer.
- 7) Failure to carry all compulsory equipment to the finish may result in non-acceptance for any future CMR entries.
- 8) You will have tested all your equipment under running conditions.
- 9) CUTOFFS: You must have left Pelion by 12 noon or Narcissus by 5:00pm or you must withdraw.
